

Dear Xaverians,

Greetings from Jesuit Educational Support!

You are welcome to apply for the Jesuit Educational Support (JES) for the year 2022-23.

We live in a country with extreme differences in wealth and income. Unfortunately, the economic disparity is constantly increasing whereby the rich are becoming richer and the poor are becoming poorer. Obviously the communities and sections of the society that are poor are the biggest sufferers. Under these circumstances, the Jesuit Management of St. Xavier's College, offers to support the weakest and the poorest among us in the Xaverian family in paying their semester fees. We invite students from disadvantaged and marginalized sections of the society, especially the orphan, semi-orphan, differently-abled and the poorest.

We are indeed very happy to assist those deserving members of Xaverian family and delight in seeing your growth. The Jesuit Educational Support application form is uploaded in the college website. You are requested to download the form, fill in all the necessary details accurately and attach the required supportive documents as per the directions given.
